The 2027 **Carnival**

Movement that inspires

A new dimension in family-ready mobility.

Carnival moves beyond the minivan, revealing a new dimension in family-ready mobility. With inspired design, the latest in driver assistance and safety technologies, and enhanced convenience for all passengers, Carnival is truly a Life Utility Vehicle.

Control and refinement come together as one.

Get behind the wheel and discover the control and refinement Carnival brings the driving experience. Nowhere is this more evident than in the available dual 12.3" TFT screens — one for driving information, one for infotainment and vehicle set-up controls — that flow together to form a panoramic command centre.

Full display digital rear-view mirror[1]
turns the mirror into a digital display with a panoramic view of the rear of the vehicle -when your vision might otherwise be obstructed by passengers or a large cargo load.

Digital Key[1]
lets you use your smartphone as a secure key, allowing you to lock and unlock the doors and start the engine without the need for a keyfob.

Passenger View Monitor[1,2]
lets you keep an eye on your passengers and talk easily between the front and rear rows.

Next-level spaciousness and comfort.

Carnival's spacious cabin emphasizes comfort and convenience. This includes available 2nd-Row VIP Lounge Seating featuring spa-like heated and ventilated, power-reclining captain chairs with power leg rests and a one-touch Relaxation Mode to soothe even the crankiest travellers.

Third-row passengers
enjoy first-class treatment with easily accessible seating and thoughtful travel amenities, including available pull-up sunshades.

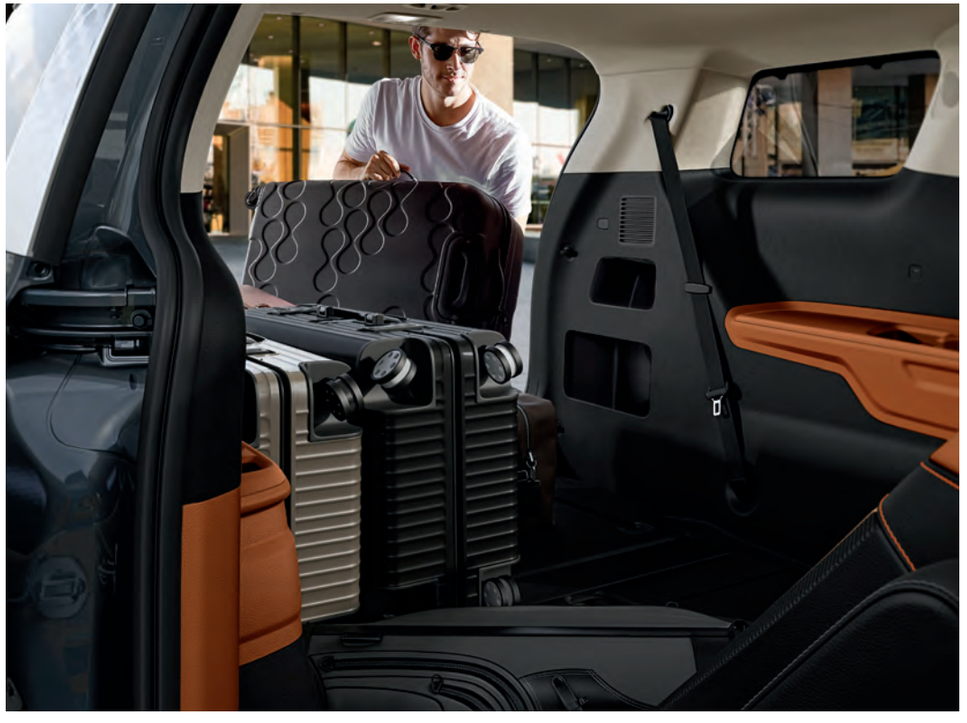

Dual-panel power sunroof[1]
floods the cabin with natural light and provides an open-air driving experience for front and 2nd-row passengers.[1]

[1] Available feature. See features page or visit kia.ca for full details. International model shown.

Endless adaptability.

Carnival can take a large group of family or friends as far as the road goes, with ample space for their gear, tools or the weekly groceries.

Easy cargo access
with up to 4,110 litres (145.1 cu. ft.) of cargo space with 2nd and 3rd-row seats folded.

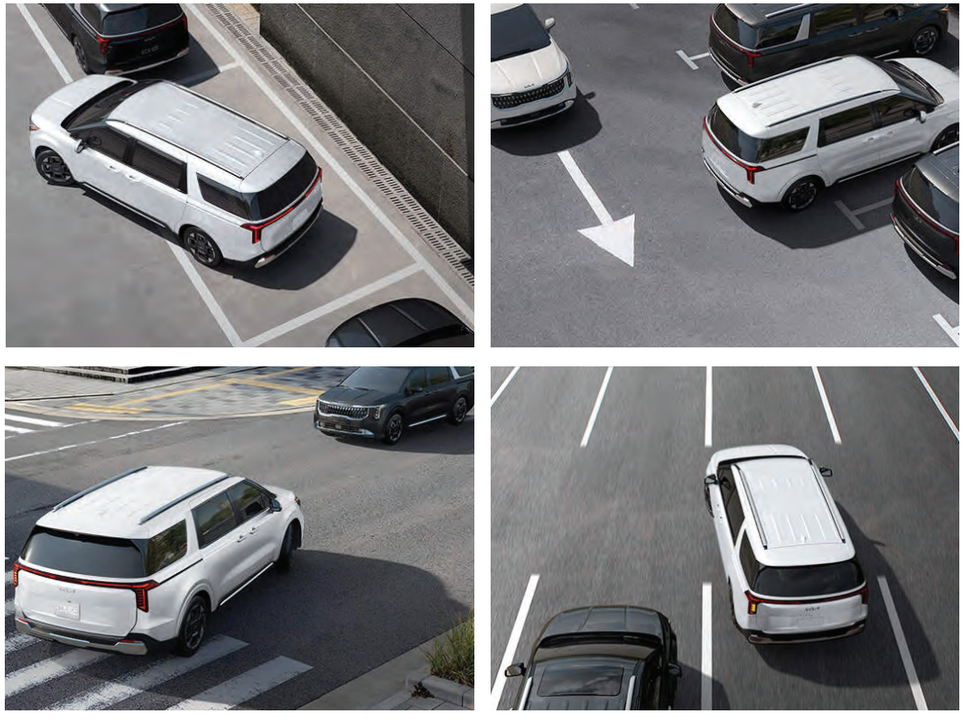

Smart-power liftgate[1]
opens automatically when you stand behind it for three seconds with your Smart Key — and can automatically close and lock just by walking away with the Smart Key in your possession.

3,500 lb. maximum towing capacity[12]
allows you to tow a wide variety of trailers, when equipped with trailer brakes.

[1] Available feature. See features page or visit kia.ca for full details.

Help in a heartbeat.

Using the latest sensing and processing technology, the Carnival helps you stay aware of your position on the road, and can even assist in helping to prevent collisions.

Forward collision-avoidance assist with junction turning function[1,2]
is designed to alert you of a potential collision and apply the brakes to reduce or avoid impact in a number of scenarios including when you are making a left turn at an intersection.

Lane following assist[2]
is designed to detect the white lines on the road and keep you in the centre of your lane while maintaining a safe distance from the vehicle ahead.

Blind-spot collision-avoidance assist[1,2]
uses radar to detect vehicles in your blind spot and can give visual and audible alerts to help you avoid hazardous lane changes. It will also correct the steering to prevent you from changing lanes when its unsafe.

Rear cross-traffic collision-avoidance assist[1,2]
uses radar sensors to monitor the area to the left and right while reversing, and warn or even actively apply the brakes if there's traffic approaching from either side.
